

MANUFACTURER OF HIGH QUALITY INJECTION MOLDED PLASTIC PARTS

since 1960

"MPI" is a custom plastic injection molding specialist ready to assist you with all of your molding requirements.

If you have a design problem and a need for an injection molded plastic part, "MPI" could be your solution.

Many of our customers consult with us during engineering & design development so we may assist them in those aspects of their product. We have consistently demonstrated the ability to handle the most complex designs and meet the most demanding standards for quality at competitive prices.

*We consider **SERVICE** and **QUALITY** a vital part of the values we give to our customers.*
